EUS (Endoscopic Ultrasound) Preparation

Please read all instructions at least one week before your procedure.

Please provide 72 business hours cancellation notice to avoid a \$75.00 cancellation fee.

Name: _____ Date: _____

Location: _____ (See map on back)

Arrive at: _____ a.m./p.m. to register and prepare for procedure at: _____ a.m./p.m.

Check with your insurance company to ensure we are a participating provider, that your procedure is covered, and what your out of pocket cost will be. You may be required to get pre-certification and/or pre-authorization. Be sure to ask about any fees charged by the facility and anesthesiologist.

PREPARING FOR THE TEST:

You are asked to follow the instructions, written below, in preparation for your test or procedure.

EUS:

MEDICATION INSTRUCTIONS:

1. Stop taking blood thinners (Aspirin 325 mg, Coumadin, Plavix, Pradaxa, Effient, etc.). We will contact prescribing physician to obtain clearance. We will inform you of the instructions.
2. 5 days before procedure stop taking all ibuprofen, Motrin, Glucosamine, fish oil, flax seed oil, Lovaza, iron, vitamin E, vitamin C, arthritis medications as well as multi-vitamins.
3. You may take Tylenol, Celebrex, Ultram, Methotrexate, anxiety medication, and Aspirin 81 mg.

ONE DAY BEFORE THE PROCEDURE:

- 1) If diabetic, take half your insulin dose.

DAY OF PROCEDURE:

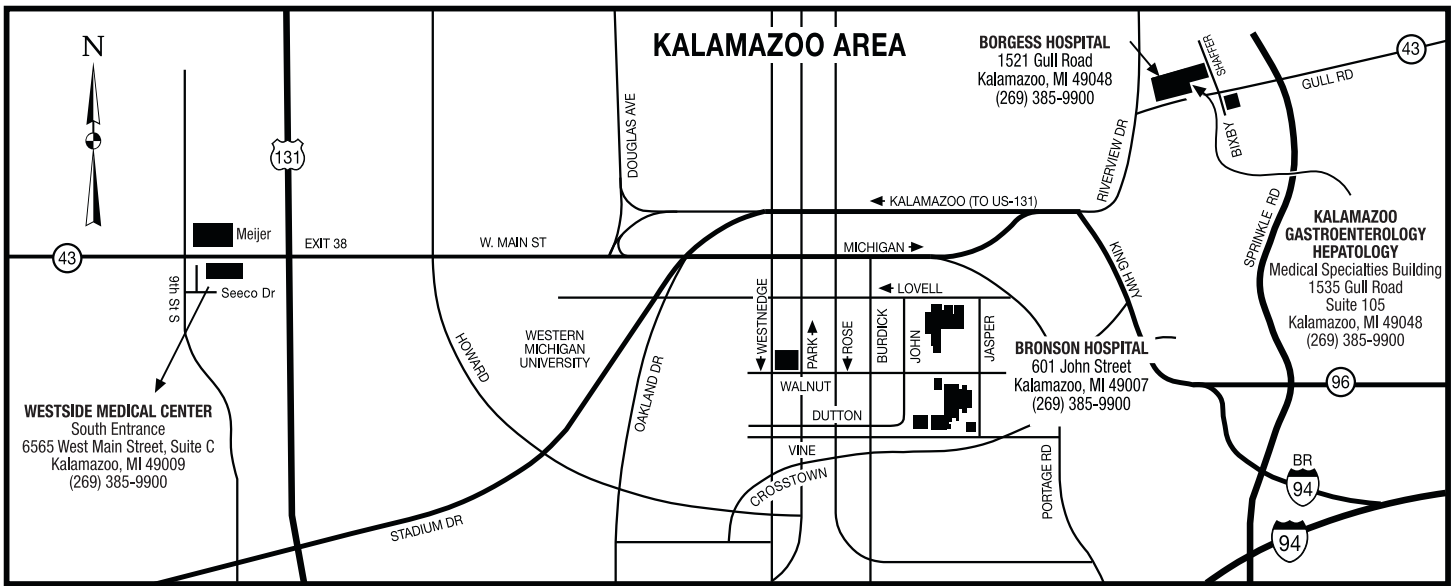

- 1) Do not eat or drink anything 8 hours prior to your procedure.
- 2) You may take your routine medications with a small amount of water three hours prior to test.
 - a) If diabetic, **do not take** your morning dose of insulin or your oral diabetic medications.
- 3) Bring all current insurance cards, a photo identification or valid driver's license, and bring a current list of your prescribed vitamins and medications — including the name and dosage of each one — along with a list of any known drug allergies.

No driving after your procedure. You cannot drive; use a taxi or ride a bus after the procedure. You must be accompanied by an adult during your **entire stay**. If this procedure is not followed, your procedure may be cancelled. **You need someone to assist you for 24 hours after the procedure.**
