SERVICIOS PARA LOS JÓVENES

USO DEL TIEMPO LIBRE / COMUNIDAD Y PARES

Una relación débil con la familia incrementa la influencia de los pares. El pasar mucho tiempo con pares que influyen negativamente incrementa el riesgo de la delincuencia. El involucrarse en actividades organizadas da a los jóvenes la oportunidad de formar relaciones pro-sociales y les da menos tiempo para participar en comportamientos delictivos.

ESCUELA/ EDUCACIÓN

Youth with poor performance at school are at greater risk for delinquency. Intervention programs aimed at improving academic performance have been shown to decrease delinquency.
